Move-In Day Info:

Moving into your room on campus is both exciting and intimidating for some people. While it is great to have the help of family members in unloading and hauling boxes, the arrangement and set-up of the room is something that should be done at the end of the day when all the roommates are present and families and friends have departed. It takes some adjustment in learning to live with a roommate, and the first step in this adjustment process is to discuss and plan the layout of the room. Where should we place the TV and the stereo? Should or shouldn't we bunk the beds? Who gets what dresser? Working collaboratively in arranging and setting-up your room will help tremendously in opening lines of communication between roommates – and you get to learn a lot about one another in the process.

A helpful hint... When you get to campus, park your car in the Edgehill Village parking lot, behind Caleruega Hall (cafeteria building); the check-in location will be just outside Caleruega. Once you have signed and submitted all your forms, you'll be issued your room key and be given instructions on the best place to park your car to unload your stuff.
