(circle one)

Res 2000 Information + Research: Which semester? \_\_\_\_\_ Grade? \_\_\_\_\_

The GE curriculum at Dominican fosters the development of the skills, knowledge, and moral character essential to lifelong learning and a rich and satisfying life. It does this by (1) opening students to the main areas of knowledge, (2) engaging them in the persistent practice of logical and critical thinking, expository writing, and effective speaking, and (3) encouraging them to deepen their awareness of the aesthetic, moral, and spiritual dimensions of existence.
