This sequence of courses is a *sample schedule* based on preferences stated from the results of a survey of Dominican Counseling Psychology students and graduates. An undergraduate, upper division course in Theories of Personality is a pre-requisite to the program and must be taken prior to beginning the program or within your first year of the program. CP 5231 Phases of Human Development is a pre-requisite for CP 5207 Psychodynamic. Candidacy status is required to enroll in CP 5224, 5244 and 5245. See the Student Handbook for details.
