**PRIVATE AND APPLIED MUSIC INSTRUCTION**

Private and applied instruction is available to all students. Please note that because these lessons are private or limited in size, additional fees are required for all students. The fee schedule is posted in the Music Office Bulletin Board in Angelico Hall and available from the Music Office. Please call the Music Office at (415) 482-3579 for further information.

Units of credit are determined by the number of hours per day the student practices (e.g. one unit of credit equals one hour of daily practice). Normally, non-music majors take applied courses for one unit. Advanced non-music majors may enroll for additional units with permission of the Music Department Chair. Music majors in the Performance Concentration path should enroll for three units each semester. Other music majors should enroll for one unit. In recital semesters, music majors may enroll for an additional unit of applied credit.
