RESIDENCE HALL INFORMATION

Most rooms on campus, and all rooms for first-year students, are triple-occupancy (3 students per room). There is a connecting bathroom between each room which is shared by students of the same sex. Each bathroom is equipped with the usual facilities. Some rooms have a bathtub/shower combo while other rooms have shower stalls. All rooms are equipped with telephone, cable TV, and internet (Ethernet) connections. There are no single rooms available.

- **Edgehill Village** was opened in August 2002 and is located behind the Caleruega dining hall. There are six buildings in the complex; each building has eight apartment style units which accommodate four students in two shared rooms and a common living room. Most juniors and seniors live in Edgehill Village.
- **Fanjeaux** is located across the street from the library and is next to Pennafort Hall. This French-Norman architectural building was built in 1927 and is modeled after an estate in Fanjeaux, France where the Dominican Sisters were established.
- **Meadowlands**, the former home of the deYoung family, was built in 1888 and purchased by the University in 1918. It is an old mansion with many interesting bedrooms and gathering spaces for students.
- **Pennafort** was built in 1959 in conjunction with the library and Caleruega dining hall. This is home to most freshmen students and the rooms are all triple occupancy. It features hardwood floors and full walk-in closets. The rooms in Pennafort are the largest rooms on campus.
