CERTIFICATE OF RECOGNITION

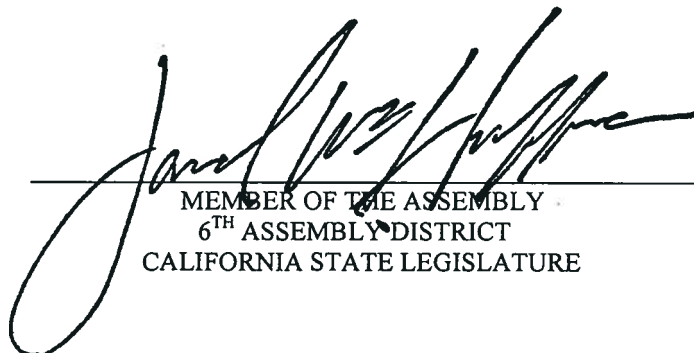

IN RECOGNITION OF

NATIONAL ORNAMENTALS RESEARCH SITE
AT DOMINICAN UNIVERSITY OF CALIFORNIA

RIBBON CUTTING CEREMONY

I am pleased to commend the Dominican University of California for the grant from the 2008 Farm Bill to establish the National Ornamentals Research Site at Dominican University of California (NORS-DUC). Your efforts will surely contribute to the safeguarding of our agriculture and natural resources by identifying nursery growers' key issues and reducing risks to the nation's forests.
