The Office of Financial Aid uses the planned or anticipated enrollment information when determining eligibility for financial aid. If the enrollment information used to determine your financial aid award does not match your actual enrollment for a term, it will prevent your financial aid from appearing on your account balance and disbursing to your student account, which may result in finance charges and/or late fees.

Please complete and submit this form if your actual/planned enrollment is different from the enrollment information used in determining your financial aid eligibility and award. The enrollment information on which your award is based may be found in the messages section of your Financial Aid Portal.

Enrollment Section: Please indicate the number of units you are/will be enrolled in for each term of the academic year. If you are not certain of your planned enrollment, please provide your best estimate. If you will not be enrolled in a term, please indicate 0.

My actual/planned enrollment is different from what the Office of Financial Aid is currently using to determine my financial aid eligibility. I am requesting that my enrollment be updated using the following actual/planned enrollment for the 2022-23 academic year:

Fall 2022: _____

This is my final semester prior to graduation

Spring 2023: _____

This is my final semester prior to graduation

Summer 2023: _____

This is my final semester prior to graduation

I understand that this may change my financial aid eligibility and I will be notified via email of any changes to my financial aid award once this information has been processed. I further understand that if my actual enrollment is different from the information provided on this form for any term, it may prevent my financial aid from showing on my account balance and/or disbursing to my student account. This may result in late fees and/or finance charges for which I am responsible. I understand that I may need to complete and submit this form again should my actual enrollment change from the planned enrollment presented on this form.
