

Guide to COVID-19 Close Contact Quarantine

(updated 01/04/22)

Scenario 1: Close Contact

(no symptoms)

You may have been exposed to someone COVID positive and you **DO NOT** have symptoms

Have you?

- Been boosted
(or)
- Completed Pfizer or Moderna vaccine within the last 6 months
(or)
- Completed J&J vaccine within the last 2 months

If YES
to any

If NO
to all

Wear a mask around others for 10 days
(no quarantine required)

Test on day 5 and report test results to Dominican
([Report results using the test results upload form](#))

If you develop symptoms, get tested ASAP, report to DU, and stay home

Stay home and quarantine for 5 days

Test on day 5, report results to Dominican
([Report results using the test results upload form](#))

Continue to wear a mask around others for 5 additional days

If you develop symptoms, get tested ASAP, report to DU, and stay home.
